

*one in three girls and
one in six boys will
experience some form
of sexual violence
before the age of 18.*

*90% of the time, the
child will have known
the perpetrator.*

**Our mission is to create,
promote and advocate
community-based strategies
and resources that eliminate
child sexual abuse.**

Now, more than ever, effective education, public awareness, and informed public policy can significantly impact our fight against child sexual abuse.

SAFENOWPROJECT is a leading national nonprofit organization educating children and others about skills and strategies to prevent child sexual abuse: creating programs, curricula and protocols for schools, churches and businesses, and mobilizing communities to take action on a societal problem that impacts thousands and has annual health care and other costs in the billions of dollars.

SAFENOWPROJECT develops and implements proactive, practical safety solutions and prevention strategies to promote safety using contemporary messages and delivery.

SAFELIVING™

SAFELIVING™ is **SAFENOWPROJECT**'s comprehensive state-of-the-art multimedia education campaign designed to teach young children essential life skills for a safe, happy and productive life. Based upon new and existing research, these applied life skills can significantly reduce a child's chance of harm or victimization from all kinds of violence, including sexual abuse. **SAFELIVING™** encompasses all educational initiatives including **TAKE FIVE: SAFER STEPS TO BE SAFE NOW™** and **MY LIFEMATTERS**.

MY LIFEMATTERS

SAFENOWPROJECT supports this workbook and curriculum by internationally renowned researcher and practitioner Dr. Margaret O'Rourke. **MY LIFEMATTERS** teaches middle school children empirically based life skills that make children less vulnerable for victimization, while improving self esteem, self protection and pro-social thinking and behavior.

FAITH-BASED PROTOCOLS

The **SAFENOWPROJECT** "Protocols for Faith-Based Leadership in the Prevention of Child Sexual Abuse and the Protection of Victims" are designed to encourage faith-based communities to take a leadership role in prevention by addressing sex offender and victimization issues.

PUBLIC POLICY LEADERSHIP

The **SAFENOWPROJECT** provides non-partisan information to citizens and government leaders on the benefits and consequences of public policy initiatives designed to prevent sexual violence and promote community safety.

SAFENOWPROJECT INTERNATIONAL ADVISORY COUNCIL

SAFENOWPROJECT is proud to be joined by international experts in the fields of Child Exploitation, Sexual Assault and Maltreatment, Law Enforcement, Child Prevention Education, Victim Issues, specialized Physicians (including various types of Forensic experts and Pediatric practitioners), Researchers, Sex Offender Management, Legal experts, Public Policy consultants and a host of other important stakeholders.

learn. act. care.

SUPPORT THE SAFENOWPROJECT MISSION

Through generous corporate and public support, **SAFENOWPROJECT** is able to spark awareness on a national level. Your contribution will help us provide a safer environment for children and their families. For more information or to make a donation, please visit our website at www.safenowproject.org.

HOW YOU CAN HELP

- Join our mailing list by visiting www.safenowproject.org or by calling (816) 448-3720.
- Become a safety and prevention advocate.
- Teach and practice the **TAKE FIVE: SAFER STEPS TO BE SAFE NOW™** at all times.
- Build a **SAFENOWPROJECT** Community Alliance
- Introduce Faith-Based Protocols in your community
- Become a **SAFENOWPROJECT** volunteer.
- Work with your local media to keep prevention a priority.
- Learn more or donate at www.safenowproject.org.
